Ref: Resolution no. 18 dated 29.9.1954

In enclosing herewith the true extract of
the resolution no. 18 dated 29.9.1954 of This Board
requesting the Government to take over the
Local Fund ~~hospital~~ Hospital, I have to place
before you the following facts for your gracious
consideration:

This town though small is thickly populated.
The population is more than 10,000. There are two
High Schools here. This town is midway between
Mangalore and Udipi. The majority of the people
are very poor. Patients cannot get the required
benefit from the local Hospital for want of
efficient hands. For about 6 months in this year,
the hospital was in the hands of an Honorary
medical man due to the scarcity of the medical
men. There are no proper conveyance to remove
the patients from here to Mangalore. With the result
that many of them succumb before they reach
Mangalore.

This hospital is well accommodated
are a maternity ward and an operation theatre
in patients wards with provision for 22 beds

5/ post-mortem shed. The average daily attendance of patients is about 300.

The Community Project Department has sanctioned Rs 15,000/- for further development of the hospital.

If a medical man of the grade of M.B.B.S., is appointed, the poor patients can expect much relief.

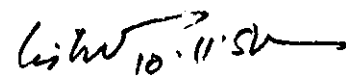

So, I request you to be so good as to kindly take up this matter in right earnest and be pleased to take over the Hospital at the earliest opportunity and thus save a large number of poor patients.

Soliciting an early favourable order.

Executive Officer,
Mulki Panchayat, S. K. 11.54.

--

The proposal relates to the provincialisa-
tion of the L.F. Dispensary, Mulki, which is under the
control of the South Kanara District Board. The Panchayat
Board, Mulki in its resolution No. 18 dated
29-9-1954 has requested the Govt. to provincialise the
L.F. Dispensary, Mulki.

2. The Govt. usually take over five or six
L.F. and Ml. taluk headquarters Medical Institutions,
every year subject to the availability of funds, to
enable the local body concerned to utilise the saving
on providing additional facilities, especially in
rural areas and in order to expand facilities for
treatment of all ^{Cases} cases. This year the proposal for
provincialisation of five medical institutions, was
considered in connection with the Part II Schemes
for 1955-56 and the same was deferred, as the provision
made in the Five Year Plan, for the item "Provincia-
lization of Medical Institutions" has already ex-
ceeded the limit. It may be mentioned here that all
the taluk headquarters medical institutions in South
Kanara District have already been provincialised. The
L.F. Dispensary, Mulki is not taluk headquarters medi-
cal Institution. It is for orders whether the Panch-
yat Board, Mulki may be informed that it is not poss-
ble to consider the request of the Board.
